

**Caribbean Regional Trialogue on Pollinators, Food Security
and Climate Resilience**

Santo Domingo, Dominican Republic, 4-6 September 2018

**Triálogo Regional del Caribe sobre Polinizadores, Seguridad
Alimentaria y Resiliencia Climática**

Santo Domingo, República Dominicana, 4-6 de Septiembre 2018

BES-Net's Post-Trialogue Support

**United Nations Development Programme (UNDP)
Global Policy Centre on Resilient Ecosystems and Desertification (GC-RED)**

Support to Triologue Participants

- Facilitate the refinement and finalization of the **Action Document**
- Provide registered Triologue participants with dedicated/closed online space (**Caribbean Triologue Action Group**) for continuous dialogue:
 -  **Directory:** Search other participants, view their profiles and contact individual(s)
 -  **Forum:** Share experiences, information and ideas by creating/participating in topical group discussions
 -  **Collaboration tool:** Exchange resources on Google Drive by uploading and downloading relevant documents and images.
- Organize progress review meetings during IPBES-Plenaries on implementation of agreed actions

Support at Individual Level

- Allow registered users to interact with 750+ other BES-Net users personally or through discussion forums, and contact BES-Net roster of biodiversity and ecosystem services experts to find answers to specific questions.
- Offer a wide array of resources (1,600+ files) on various biodiversity and ecosystem services related thematic areas:

***Pollinators,
Pollination
and Food
Production***

***Land
Degradation
and
Restoration***

***Sustainable
Use and
Conservation
of
Biodiversity***

***Biodiversity
finance***

***Ecosystem-
based
adaptation***

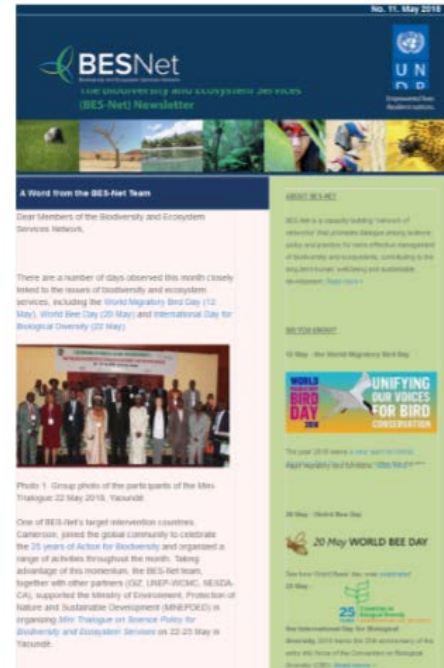

***Indigenous
and local
knowledge
(ILK)***

Support at Institutional Level

- Provide partners with opportunities to improving organizational visibility by:
 - ✓ Featuring partners' key news updates in **BES-Net bi-monthly newsletters** distributed to over 4,000 subscribers
 - ✓ Posting latest news and updates of partners' work through **BES-Net newsroom page**
 - ✓ Posting partners' events on **BES-Net online calendar**
 - ✓ Circulating partners' job offers through various BES-Net channels such as **BES-Net job page** and e-newsletter
 - ✓ Disseminating partners' news updates through BES-Net social media channels such as **Twitter** and **Facebook**.
