

Entebbe, Uganda
7th-9th November 2017

Regional Bio-Bridge Initiative Round Table for Africa BES-Net Presentation

WHAT IS BES-NET?

- A UNDP-managed capacity sharing “Network of Networks” promoting dialogue between science, policy and practice & build capacity for more effective management of biodiversity and ecosystems worldwide, contributing to long-term human well-being and sustainable development
- Responding to capacity building needs highlighted by IPBES & UNDP’s work in biodiversity and ecosystem services
- 86 Partners and more than 110 international experts
- Supported by Governments of Germany, Norway and Sweden
- Hosted by UNDP’s Global Policy Centre on Resilient Ecosystems and Desertification based in Nairobi, Kenya

Dialogues

Opportunities for face-to-face multi-stakeholder dialogues

Web-Portal

“One-stop shop” for policy-relevant information and learning material

Matchmaking

Vacancy information and needs-based matchmaking

BES-NET TRIALOGUES

- Capacity building events for regions and countries to apply the findings of the IPBES thematic assessments
- Address specific policy questions in the field of BES which directly link to IPBES and SD
- Enable clear and constructive dialogue among policymakers, scientists (incl. ILK) and practitioners
- Prepared using the most recent and cutting-edge knowledge on facilitation and impact evaluation
- Currently funded by Germany/BMUB and Sweden/SwedBio

BES-NET TRIALOGUES

- In particular, the regional Trialogues will
 1. Bridge the divide between the science, policy and practice communities through intercultural dialogue;
 2. Create a shared space for the joint assessment of regionally relevant knowledge and the co-creation of locally appropriate policy options;
 3. Build a common agenda for action.

BES-NET TRIALOGUES

The National Dialogues will

1. Support technical and capacity building provided to specific countries (Cameroon, Colombia, Ethiopia and Vietnam) to conduct national ecosystem assessments led by UNEP-WCMC/SGA Network using IPBES assessment-related tools and methodologies.
2. Support uptake of national assessment outcomes.
3. Be held as determined by countries.
